## COMPLETE PARALYSIS GRIPS THE GREAT CITY OF SEATTLE

General Strike of All Craftsmen Called

To Support 25000 Ship Yards Metal Workers Strike

NEWSPAPERS SUSPEND

Thirty Thousand Workers In All Branches Walk Out

All Traffic Service is Completely Halted

Shipping Diverted to Oregon Port Points.

(By Associated Press)

Seattle, Wash., February 7.—With complete industrial and commercial paralysis threatened by the general strike of craftsmen in support of wage demands by shipyard metal workers, Seattle municipal officials and business cast today for some means of relieving the situation.

Nearly 1,000 troops from Camp Lewis are in the city on orders of the war department and are ready to act in event of disorders.

A summary of the situation that faced Seattle today the second day of the strike, showed newspapers have suspended publication, the schools and theaters closed, street cars ceased operating, restaurants closed and shipping is being diverted to Oregon ports.

In Tacoma the strike is not so threatening, although 500 troops are on duty there. In Seattle it is estimated 30,000 men and women struck yesterday to aid the 25,000 shipyard workers.

### MAYOR ACTS

(By Associated Press)

Seattle, Wash., February 7.—Mayor Hanson today issued the following notice to the strike committee.

"I hereby notify you that unless the strike is called off at 8:00 a. m., February 8th, I will take steps to operate all essential industries and place this city under control of the Federal government."

### ONE CAR RUNS

(By Associated Press)

Seattle, Wash., February 7.—Only one street car went through the business district today and it experienced no trouble.

However, there are no signs of a break in the opposing interests. Union leaders look to Chas. Piez, director general of the Emergency Fleet Corporation to make some move to arbitrate the demands of the 25,000 shipyard workers.

### HUNS RECAPTURE BROMBERG

Amsterdam, February 7.—(By Associated Press)—The city of Bromberg, German Poland, has been recaptured from the Poles by German troops after brisk fighting, according to advices received here today.

## SOCIETY OF NATIONS CONSTITUTION DRAFT ONE HALF COMPLETED

In Approval of Additional Articles Not Yet Incorporated in Draft The Representations of the Great Nations Have Reached An Accord

The Complete Parts of Document, However, May Yet Be Revised When Agreement is Sought On the Details

PARIS, FEBRUARY 7. — (Associated Press)—Substantially one half of the draft of the constitution for the society of nations has been covered by the chief conference commission dealing with this question, it was officially announced today. In approving additional articles the commission reached an accord, it is stated, on certain questions of the greatest importance concerning the positive functions of the league.

Eleven articles of the program project were discussed and approved. The only article not approved was that concerning abolition of compulsory military service unless required by reasons of national defense under extraordinary circumstances.

Premier Orlando, of Italy, opposed this paragraph, remarking that if conscription were once abolished an attempt to revise it might lead to serious trouble. Leon Bourgeois, one of the French members, joined Premier Orlando in opposing the abolition of conscription.

With night sessions planned under chairmanship of President Wilson the great progress now being made indicates the task may be completed within the next four or five days or well ahead of the time for the President's return to the United States. The members of the commission emphasized, however, that the agreements reached so far are provisional and in principle only. The entire structure may yet have to be revised when it comes to agreeing on details. This is the reason given for the rigid secrecy with which the text of the project is being guarded.

## \$1,000,000,000 ASKED IN GUARANTEE BILL

### DISCUSSION CAUSED BY LEAGUE PLAN SUCCESSES

Rumors of Possible Refusal to Agree to Peace League Plans Not Disturbing Commission's Work

RUSSIAN PROBLEM AGAIN BEFORE COUNCIL TODAY

Plans Involve Minute Inspection and Examination of All Claims

(By Associated Press)

Paris, February 7. — The number of territorial conflicts appearing in conference circles is attributed to the prospects of an early realization of a society of nations planned which will involve the examination of such claims by a legal tribunal of the society for adjudication, with due regard to the wishes of the inhabitants of the districts in dispute.

The community of interest of some nations in certain questions has led to hints of co-operation among those nations to make up a majority in the conference. Gossip even mentions threats of resistance to any decision adverse to those interests.

The special commission working on the society of nations plan is not moved by these rumors.

At the same time the supreme council continues its policy of hearing patiently all claims and generally referring them to special or standing committees for thorough examination, although this is not agreeable to all powers interested.

The Russian problem again was to come to the fore today in connection with the acceptance by the Moscow Bolshevik government of the invitation to the conference on the Princess Islands. In some quarters the action of the Bolshevik government has been hailed with satisfaction and relief in view of the promise it gives of an immediate termination of Bolshevik attacks on the little allied army in the Archangel sector.

BREMEN KILLED TOTAL 85  
Paris, February 7.—(By Associated Press)—A dispatch from Bremen announced that during the fighting in that city Tuesday 85 persons were killed and several hundred wounded.

### BREAKS RECORD

Captain Lang

Captain Lang, of the British Air Service, who recently smashed the altitude record, officially piloting his plane to a height of 30,500 feet. During the flight, the observer who accompanied Captain Lang became unconscious. Captain Lang was arrested immediately after the flight for disclosing the particulars of his flight without official permission.

## OLD ORDER HAS PASSED

The People Are Determined to Rule For Themselves Says Chancellor

"We Will Be An Empire of Justice and Truth" Ebert Asserts

(By Associated Press)

Wimar, February 6. — The old order in Germany has gone beyond recall and the people now are determined to rule themselves, declared Frederick Ebert, the chancellor, in calling the national assembly to order here this afternoon.

"We will call on the old German spirit of Wimar," he said. "We will be an empire of justice and truth."

### WARNS ALLIES

(By Associated Press)

Basel, February 7. — Chancellor Ebert in his address to the German national assembly said: "The conditions of the armistice have been of unheard of severity and were carried out without shame. We warn our adversaries not to push us too far."

Proposal to Lower Price of Flour and Food to Consumer

MAINTAIN WHEAT PRICES

Will Entail Loss on Government to Be Met By Gigantic Appropriation

(By Associated Press)

Washington, February 7. —Members of the house agricultural committee today expressed the opinion that the price of flour would be lowered and cost to consumer of other principal food-stuffs decline should Congress pass the bill for carrying out the government wheat price guaranty bill approved last night.

The bill provides that while the government would carry out its promise to the farmer of \$2.26 a bushel for the 1919 wheat crop the price to the consumer would be fixed only by the law of supply and demand.

The government would lose the difference between the purchase and sale price and the bill proposes appropriation of one billion dollars for this purpose. The bill gives the present food administration grain corporation authority to carry out "the guarantee or create a new agency."

## PREMIERS WILL FIX NEW TERMS FOR GERMANY

The Supreme War Council Will Impose New Terms on the Germans

(By Associated Press)

Paris, February 7.—The allied premiers who will meet this afternoon as the supreme inter-allied war council probably will fix new terms to be imposed upon Germany, whose tactics of obstruction and recrimination are said to have reached a climax in a threat made at Wimar by Chancellor Ebert that Germany would break off negotiations with the allies.

### NEGRO PRISONER LYNCHED

Newbern, N. C., Feb. 7.—(By Associated Press)—John Daniels, a negro, charged with the murder of Grover Dickery, manager of a lumber company, was taken from jail at Jacksonville near here yesterday and lynched.

### GERMAN SOCIALIST

PHILIPP SCHEIDEMAN

A new photograph of Philipp Scheideman, prominent German Socialist and supporter of the Ebert Government, taken at the funeral of the victims of the uprising in Berlin during Christmas week. Hundreds of people are said to have been killed in the fighting that week, which ultimately resulted in the death of Dr. Leibknecht and Rosa Luxemburg.

## 30 ARE DEAD AS RESULT OF BREMEN FIGHT

(By Associated Press)

Amsterdam, February 7.—There are 30 dead and more than 100 wounded in Bremen hospitals as result of the recent fighting there in which the government forces defeated the spartacists, and it is believed the casualties will largely exceed this number according to a Berlin dispatch.

## WHITE NAMED ON DELEGATION TO RUSSIANS

Paris, February 7.—William Allen White, of Emporia, Kansas, and Prof. Geo. Davis Herron have been appointed American delegates to the Marmoria conference with the Russian factions.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have  
Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.  
If you have a pale face, callow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.  
Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

## INSTITUTE JUST CLOSED WAS ONE OF GREAT VALUE

What is pronounced as the best Farmers' Institute ever held in Bloomington, and one of the best ever held in Fayette county, came to a conclusion Thursday night with a lecture and musical entertainment of pleasure and interest.

The last business session was held Thursday afternoon, and like all sessions, was largely attended and no time wasted. The farmers in attendance seemed to lose some of the usual indifference shown in many institutes, and, realizing that there was a great deal of valuable information obtainable, drank in the experience of others as related in the lectures and discussions.

Mr. Hummon's lecture on "Agriculture, yesterday, today and tomorrow" proved intensely interesting, and Mr. L. H. Goddard of this city, opened the discussion and brought out some very helpful points.

"The Farmer as a Civic Force" by G. T. Aldrich, state speaker, was the last lecture of the afternoon. Miss Ethel Powell of this city rendered piano solos during the session. Interesting resolutions were adopted before the institute came to a close.

Officers chosen for the following year are: R. G. Jefferson, president; M. L. Dickey, vice-president; J. N. Browning, secretary; H. A. Pinkerton, treasurer; Executive Committee J. E. Hopkins, Albert Hains and C. G. Bitzer.

The entertainment Thursday night consisted of a lecture by G. T. Aldrich and music by the Bloomingburg Orchestra.

The women of the Presbyterian Church served lunch each day, adding to the social side of the institute.

## TO INVITE PUBLIC TO BANK OPENING

The Peoples & Drivers Bank will shortly make announcement of the opening of its newly remodeled banking quarters. B. Dawber, local superintendent for Hoggson Brothers, builders, is working hard to clean up last minute details so that the building will be completed in every detail when he moves the bank from the temporary quarters which it has occupied for several months past, into its up-to-date banking room.

Regarding the plans for opening day President Hidy is withholding details for the present. But it can be said that the general public will be invited to the house warming.

## MEMBERSHIP NOW NEAR 1200 MARK

The membership of the Fayette County Fish and Game Protective Association is now near the 1200 mark, with virtually all of the memberships paid for the fiscal year.

The membership has increased more than one third in the past year, and bids fair to show a marked increase during the present year. Several hundred of the members have been added during the past few weeks.

## PLAN SYSTEM IN DISMISSAL

Munich, January 25. — (Correspondence of the Associated Press)—Concrete plans for the systematic dismissal of the women workers who have taken men's places during the war have been agreed upon by the General Commission of the Trades Unions of Germany and the Central Association of Consumers' Leagues. Women will be released in the following order:

First — Women, whose husbands have work.  
Second — Girls and women, who have no one dependent on them.

Third — Girls and women who have from one to two dependents.  
Fourth — All other girls and women.

In case male workers have to be discharged, it will take place in the following order:

First — Unmarried men with no dependents.  
Second — Married men without children and unmarried men with relatives to support.

Third — All other men employed during the war.  
Exceptions are permissible in order to avoid injustice in individual cases but the workers must apply to their local trade union. Every effort is to be made to protect married and unmarried men who have relatives or other dependents.

## NICE WINTER OF 1889-90 IS REMEMBERED

One of our readers contributed the following interesting reminder of another nice winter—some years ago—and what followed in February and March.

"The people of Fayette county have been saying, what nice warm winter weather we have had so far and they had not been such a winter. If some of the older people would just think back to the winter of 89 and 90, they will realize that it was something like this winter. January was even milder. Some of the earlier flowers, such as lilies, came out, but the latter part of February and March was so cold that ice was put up and the early sown wheat seriously injured.

So we can't tell what is to follow this nice weather.

## SHOT FOR DESERTION

Columbus, Ohio, February 7.—(By Associated Press)—Seven months after her husband had disappeared Mrs. J. Clyde Fisher, formerly of Columbus, received word from the War Department that he had deserted from the army, had been court-martialed and shot November 18. Mrs. Fisher is making her home with her parents Mr. and Mrs. Emanuel Grace, Roscoe. Her two children, Carl, aged 6, and Alice, aged 2, are with her. An infant born in November lived only two weeks.

Columbus, Ohio, Feb. 7.—(By Associated Press)—"If you allopaths, homeopaths and eclectics don't trust each other, how can you expect the chiropractors to trust any of you," asked former Attorney General T. S. Hogan, in arguing for the Snyder-Evans nonmedical practice bills, before the Senate and House Public Health Committees. Speakers against the measure were State Health Commissioner A. W. Freeman and Dr. H. M. Platter, Secretary of the State Medical Board.

## BANK CASHIER ROBBED

Wheeling, W. Va., February 7.—(By Associated Press)—Three masked bandits held up the cashier and two other employees of the Bank of Fulton, near here Thursday noon and escaped in a waiting automobile with \$4,000 in cash. More than \$100,000 in money and bonds were overlooked by the robbers when they looted the vault.

## HALF OF FRENCH ARMY LOST

1,500,000 killed in battle and an equal number seriously wounded is the enormous sacrifice of France in the world war. This constituted about half of the men she put into the field—a larger ratio of her 36,000,000 population than any other nation gave. America owes France a large debt of gratitude for this heroic outpouring of her life's blood that liberty might live, and also to the peasants of France who discovered a perfect remedy for stomach, liver and intestinal ailments which is reported to have relieved incalculable suffering, prevented many surgical operations and saved thousands of lives. Geo. H. Mayr, a leading Chicago chemist, imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

## The Year 'Round Car

The New Studebaker Sedan is a "family car" in the broadest sense of the word, with a thousand and one possibilities for good service day in and day out, all the year around.

By merely lowering the plate glass windows—an operation reduced to simplicity itself by means of a simple mechanical device—this Sedan instantly becomes a comfortable, open touring car.

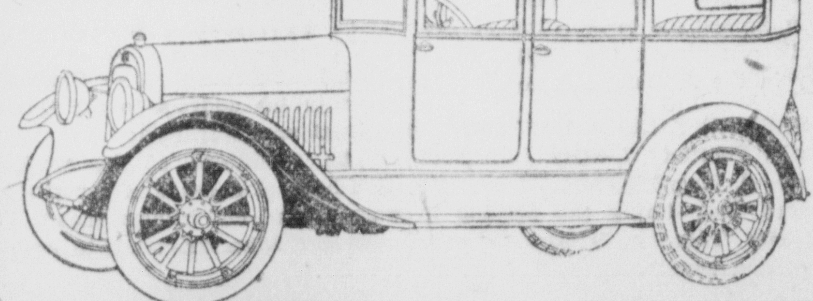

Broad doors permit freedom of entrance and exit. Heavy weather strips around edges of doors and sills make them watertight and windproof.

The Studebaker Sedan, mounted on the LIGHT-FOUR chassis, is, indeed, a rare combination of elegance and practical utility.

# News of Interest to Women

Private Peat's wife, who last year visited Women's Clubs in different parts of the country urging the women to stop holding "committee meetings and get to work," and who has since proved herself almost as popular a writer as her soldier husband, in her new book, "Mrs. Private Peat" call this the "age of the pioneer woman."

In this connection she says: "I wonder who, in every trade, was the first woman to exercise each particular calling? For generations we have heard of the pioneer women who trekked with their menfolk to the veldt of Africa, to the rolling down of Australia, to the prairies of Canada, to Alaska and to the far west. We have heard of the woman who was the only one of her sex with a white skin in many places of the earth. I talked with a woman in British Columbia and for three years she had been the only white woman in the district of Indians. She had followed her husband on foot through miles of untrodden forest. One hundred miles from anywhere, she had ordered her domestic life as best she could, with home manufactured cooking utensils and the like. She had put up with hardships and privations."

"She had endured hundreds of petty annoyances, which to man appear trivial but which to a woman were as pricks of a thousand sharp needles. Yet that woman was happy and content. She had achieved something. She had accomplished, she had done something never done before. She had blazed the trail; she had cleared the track; she had done a very great thing. She had made the way easier for others to follow."

Mrs. Peat then drives in her point:

"Don't move, Daddy—you look so funny"

Daddy certainly does look funny peering over his reading glasses every time he wants to see objects more than a few feet away.

Thousands of men and women are in the same "fix." They, too, wear glasses for near vision only.

**KRYPTOK**  
GLASSES  
THE INVISIBLE BIFOCALS

combine NEAR and FAR vision in one lens. Through the lower part you can read the smallest print; through the upper part you can see distant objects with equal clearness. Their surfaces are clear, smooth and even, which give them the appearance of being single-vision glasses.

KRYPTOKS (pronounced CRYPTOKS) render unnecessary the continual removing of your glasses—the over-top squinting—or fussing with two pairs. They keep your eyes young in looks as well as in usefulness.

"That is a mighty big thing to do in life. Every woman of us who starts something new, no matter how hard it be, no matter how near to complete discouragement we may come no matter how we may falter and fall, let us keep on, keep on."

"Remember we are blazing the trail. We are pioneer women. We are making an easier road for her who follows. It is a big and honorable position, this of pioneering. The true pioneer woman must have a deep sympathy. She must have a memory which holds the thought of all difficulties, but a memory which has no bitterness. Her memory must be of overcomings and conquerings. And this for the sake of the woman coming behind. There is no room for impatience, my pioneer friend. Remember those who follow must necessarily be slower than ourselves. If they were not slower, they would also have taken the lead. We must sympathize with our slower sisters, come back a few steps even, if we believe that it will hasten her on her way. It is a trialsome wearisome way to us, but how much more so for her. We cannot all be pioneers. There are not enough new ways for all. Blazing the trail is not the prize for every one. But follow the track in the very best way possible. A record can always be beaten."

Mrs. Peat started her book when she was lying in a Chicago hospital with her three-day-old daughter held in the curve of her arm. It is dedicated to "The Women of America—May God Bless and Keep Your Loved Ones."

Mrs. Ralph Penn charmingly entertained the Thursday afternoon Kensington Club this afternoon with Mrs. Frank DeWees of St. Louis, Mo., an additional guest.

A dainty collation was served.

In compliment to Miss Helen Rosebrook of Bellefontaine, Miss Florence Michaels' guest, Miss Ruth Culbertson entertained Wednesday evening with a little informal dinner and theatre party afterwards to see Kitty Gordon in "Tinsel" at the Palace.

The guests included with the hostess and honor guest, Miss Michael and Miss Sue Williams.

Mrs. Frances Brown Barger entertained Tuesday evening in honor of the fifth birthday of her attractive little daughter, Rosine.

Fifteen tiny youngsters enjoyed the party with the little hostess. The table looked very pretty with pink decorations and the center embellishment a birthday cake with five pink candles. The favors were little pink baskets filled with candy.

Mrs. Roy Smidley assisted the hostess in entertaining the children.

Mr. and Mrs. Graham, Mr. and Mrs. Hoyt Graham, (Alice Loofborow) motored over from Clarksburg Thursday night to see "Hearts of the World."

Captain and Mrs. W. B. Davis, of Williamsport visited their daughter, Mrs. H. E. Edwards and family for "Pinafore" last night.

Rev. and Mrs. J. L. McWilliams were visitors in Cincinnati, Wednesday.

Mrs. Frank M. Fullerton is visiting her daughter, Miss Margaret Fullerton, in Columbus over the week-end.

Mr. and Mrs. John P. Maynard, of Columbus are the guests of Mr. and Mrs. David S. Craig, to attend "Pinafore" tonight.

Mrs. Daisy Haynes had as her guests for the "Pinafore" performance last night, and today, Mr. and Mrs. Jess Grant, of Grove City, Mr. and Mrs. H. Barnhart, of Chillicothe.

Misses Dorothy McArthur and Mary Robinson and Mr. Wm. McKinley attended the Hawaiian Concert at Good Hope, Thursday night.

Mr. Granville Burris and daughter, Miss Mary, of Sabina were shopping visitors here today.

Mrs. Martin Hughey and little daughter Susan Jane, of Chillicothe are spending the week end with Mrs. Hughey's parents, Mr. and Mrs. John Noble. Mr. Hughey joins his family, Sunday.

Miss Ruth Brownell and roommate, Miss Dorothy McConnell, of Denver, Colo., come down from Ohio Wesleyan University this evening to spend the week end at Miss Brownell's home and to see "Pinafore."

Mr. and Mrs. G. H. Woodmansee went to Cincinnati, Thursday for a few days.

Misses Eleanor McClain, Marion Christopher, Beatrice Porter and Bernice O'Brian are home from Ohio Wesleyan University for the week end to see "Pinafore."

Dr. Elizabeth Shrieves, of Wilmington was the guest Thursday of Mrs. Ruth Brownell and daughter, Miss Lucy.

Miss Helen Baker comes home from Ohio Wesleyan University to spend the semester vacation with her parents, Mr. and Mrs. J. M. Baker and to see "Pinafore" at the High School Auditorium tonight. Miss Baker will be accompanied by a class mate, Miss Jeanette Patton, of Delaware. They will return to school Monday.

Miss Mary Alice Culhan and Miss Carolyn Willis are spending the day in Columbus.

Levi McKnight has received his honorable discharge from Camp Knox, and has returned to his home in this city.

Mr. and Mrs. M. S. Daugherty leave this evening for Norfolk, Virginia, where they will spend a couple of weeks. It is the first time that Mr. Daugherty has relaxed for even a short rest since he took up the strenuous duties as chairman of the Fayette County War Work Council.

Mrs. Maude Adams of Columbus is spending the week end with her parents, Mr. and Mrs. T. W. Forsha.

Miss Helen Hays of South Charleston visited her sister, Miss Georgiabel Hays for "Pinafore" last night, the latter accompanying her home after spending several days here nursing at the Fayette Hospital.

Mr. and Mrs. Donald Thornton, of Yatesville are announcing the birth of a daughter at the Cherry Hill Hospital, Wednesday afternoon.

Mrs. James Thornton and Miss Agnes Norris, of Xenia are the week end guests of Miss Fern Sunkle, and to attend "Pinafore."

## SPECIAL SERVICES AT GRACE CHURCH GROW IN INTEREST

Services at Grace Church continue to grow in interest, and there has been a noticeable spiritual awakening which bids fair to grow rapidly until the services will be most successful. Each sermon delivered by Dr. Mahood represents years of careful thought and study, and the best effort of a bible student of nationwide fame.

The afternoon service and the lectures on physical culture drew quite a large number of persons.

Thursday night Dr. Mahood spoke from the text: "I was in prison and ye came unto me." A brief resume of his sermon follows:

The parable of the great white throne has no mere literal interpretation. We must not think that we can give a cup of coffee to a tramp and because of that go straight to glory, or have a social chat with a murderer and therefore have a right to heaven. This great parable has a wider spiritual application. There are souls in prison all about us and Jesus Christ sends us to them with His message of hope and redemption. He died for them and loves them and when we go to them it is as if we came to Christ himself. Some are in the prison house of strong drink, others in the prison house of the gambling habit, still others in the prison house of lust and worldliness, but Christ sends us to all of these with the gospel invitation. And it is often more difficult to do this work than to go as missionaries.

But if we would open prison doors we must have soul travail and a tender heart. Above all we must have the presence and power of the Holy Spirit. Then too, the church must be united as at Pentecost when they were all of one accord in one place. There are people in this city who will never be saved unless the Christian people stand in line at this time and by their presence and effort win them to Christ.

## PRAYER MEETINGS

The meetings at the residence of Mr. Daws, corner of Gregg and Pearl streets are still in progress. The subject for tonight by the evangelist will be "What Church Shall I Join?" All are welcome, come and hear.

## MODERN HOSPITAL IN COBLENZ USED BY THE YANKS

With the American Army of Occupation, January 21.—(Correspondent of the Associated Press)—One of the most modern hospitals in Europe today is in Coblenz operated by the Medical Corps of the Army of Occupation. The hospital is a combination of American and German advancement in this line. During the war this hospital, now used for surgical cases and known as American hospital No. 6, was a part of the garrison of Coblenz. When the Germans withdrew they left all the modern electrical appliances, and the Americans brought with them the latest improvements in hospital equipment which was used in furnishing No. 6.

Four other hospitals, under American supervision, are being operated in Coblenz, one of them with fifteen hundred beds. Within the occupied area, there are nine American hospitals, including the five in Coblenz. Two of these are in Trier, one in Prum and another in Mayen.

While these are known as evacuation hospitals each of them is equipped and is functioning as a base hospital, being located in buildings either used by the Germans for the same purpose or in old German army barracks. The hospital staffs consist of about forty officers each. Approximately one hundred nurses have been assigned to each of the nine hospitals, in addition to a large number of enlisted men.

The Medical Corps of the Third Army is headed by Colonel J. W. Grissinger, of Philadelphia, as chief surgeon, with Colonel H. C. Maddux, of Orange, Virginia, in charge of the hospitals.

Three train riders, one a Mexican, one from Texas, and the third from Frank M. Allen, Friday morning, charged with train riding, and each received the customary workhouse sentence, but this was suspended when they agreed to get busy and clean up the basement of the county jail and the streets surrounding the courthouse square. They set to work with a will and were making rapid headway at the noon hour.

## MEMOIR

F. M. Kising, son of Mr. and Mrs. Anderson Kising, was born in Pike county, Ohio, February 2nd, 1860, and died at his home in Good Hope, February 2nd, 1919, aged 59 years.

October 16, 1884, he was united in marriage to Emma A. Winegar, of near Greenfield, Ohio. To this union was born one child, Mrs. Mae Murray, who with the wife and mother, are left to mourn his departure. Two sisters, Mrs. Charles Nelson of Washington C. H., and Mrs. Leon Walker, of Springfield, Ohio, four brothers, Henry, of Good Hope, John, of Sinking Springs, Ott, of Peebles and Uley of Greenfield, also two grandchildren, Francis and Leora Murray, and a large number of relatives survive him.

Mr. Kising moved to Good Hope in 1903 and from that time until his death he was actively engaged in business. As a merchant and also in other lines of business, Mr. Kising was progressive and aggressive, and his genial qualities won him a host of friends. He was also very responsive to the various community needs, generous, free-handed, accommodating, and in this spirit he gave unselfishly.

Mr. Kising's business activities meant much to this community and his many friends and patrons will miss him from his accustomed place.

July 7, 1907, he united with the Methodist Episcopal Church at Good Hope under the pastorate of C. A. Hughes, thereby expressing his belief and faith in the divinity of Christ and the power of God to save. He was a charter member of the Junior Order. His last sickness covered a period of three weeks.

The mercy and love of God passed at his understanding. "Whosoever cometh unto me" he says "I will in no wise cast out."

Come unto me when shadows darkly gather,  
When the sad heart is weary and distressed,  
Seeking for comfort from your heavenly father,  
Come unto me and I will give you rest.

"Large are the mansions in my Father's dwelling  
Glad are the homes that sorrows never dim,  
Sweet are the harps in holy music swelling,  
Soft are the tones which raise the heavenly hymn.

There like an Eden blossoming in gladness,  
Bloom the fair flowers the earth too rudely pressed,  
Come unto me all ye who droop in sadness,  
Come unto me and I will give you rest."

RETURN DATE BOOKED

## The Soviets Accept

The announcement from Paris that the five great powers will send a commission to Princess Islands to confer with the representatives of the Bolshevik government of Russia is welcomed by the people of all nations except possibly Germany.

There was a possibility that the civilized nations, now meeting in conference at Versailles, would be unable to include Russia in the great agreement and that the vast domain of European and Asiatic Russia with its nearly two hundred millions of people would be abandoned to a fate which was only too evident—exploitation by the Huns.

That danger still exists because the conference at Princess Islands may fall far short of accomplishing the aims of the conferring nations but the acceptance of the invitation by the Soviet faction is warrant for hoping that something may yet be accomplished to save Russia from the Huns and for the Russian people.

The Hun spirit, the desire to conquer, is yet unbroken. Germany is defeated, humiliatingly crushed for the present as a military power, but the old robber instinct is still there awaiting an opportunity to recover and strike again.

Russia, defenseless and disorganized is an inexhaustible reservoir from which the Hun hordes can be reformed and the Hun treasures replenished. Russia abandoned by the allied and associated nations is the one means by which Germany may again become a world menace.

## Patriotic Revivals

Americans like the language used by Senator Borah, of Idaho, in his address in the upper branch of congress. They approve of the plan of campaign which Senator Borah suggests as the most effective method of stamping out any incipient Bolshevism the instant it shows its ugly head.

The vigorous senator from Idaho expressed himself in this language: "If you would destroy Bolshevism and anarchy and I. W. W.ism, let us when this congress adjourns upon the 4th of March, every man in this chamber volunteer to go to the rostrum and speak Americanism from every quarter of this nation and have a revival of faith in our republican institutions."

That's the right idea. There must be a revival of the old fashioned patriotism of our forefathers. We must get back to the time when the 4th of July is the big holiday. We mustn't pass up the oration of the fourth—the glorious fourth—with the attendant fire crackers, picnics in the groves, the red fire and the sky rockets at night. We have made of the 4th of July too much of an opportunity to go away by ourselves or to rest at home. We have made a mistake in allowing ourselves to become "bored" with the orators as they told the same old glorious story. We had drifted away in our search for something new and novel. We must get back. That old story of the 4th of July and its lessons, its high ideals and hopes should never grow old. We must revive the 4th and its memories and every other day intended to be devoted to patriotic exercises and observance must be kept sacredly.

Patriotism—vigorous love and understanding appreciation of our blessings—is the preventative of all the ills of Bolshevism, anarchy and I. W. W. fanaticism which menace.

## The War Revenue Bill

When the conferees submitted to Congress, on Thursday, the long delayed war revenue bill, in a form which practically assured its final passage together with the adoption of the recommendations as to the manner of raising the tremendous sums, the American people were presented with the "balance due" on the war's expenditures in definite form.

Most of us though will pass up the billions and scrutinize closely the method adopted for raising the needed sums, run our fingers slowly down the columns of classification of property and people until we strike our proper place, determine just how much we are to do and then settle down with the determination to see it on through.

We all know the government spent money with an unrestrained hand in war preparation. We amazed our allies but best of all we amazed the Huns and made them quit.

We perhaps, looking backward now, can see where we wasted money, but in doing it we saved precious American lives. To save money meant to waste lives and our officials chose to waste money and save lives. We all knew we had a tremendous account to pay in dollars and cents, but we have the money, the opportunity to earn more and the men saved.

## POEM FOR TODAY

### ONE MORE VETERAN

Ever since the old war, of the days gone by,  
With the rattle of thunder 'round the old home sky—  
When the country was a-fightin' of its kith and kin,  
Granddad's been talkin' 'bout the battles he was in!  
As if there wasn't books to tell us o' the time he did his part,  
He's told us of the battles 'till we know 'em all by heart!  
But our boy's home from the fightin', and he says: 'Well, I'll allow  
There's one more veteran in the old home now!'

Granddad starts him talkin' 'bout the world he fought to free,  
An' pats him on the shoulder: 'Got his fightin' grit from me!  
Like his daddy here before him, he's solid as a rock;  
The whole endurin' family comes straight from fightin' stock!  
Oh, he sure kept up the record with the boys behind the guns;  
He knowed what he was there for, an' his bullet found the Huns!  
It's his time to do the talkin', for my tune's up anyhow—  
There's one more veteran in the old home now!'

An' ain't we glad it's that way—that we had a boy to fight  
Against the terror o' darkness, in the battle for the light!  
Then he stayed 'till it was over—till he heard the home command.  
An' his country, with his home-folks, is so proud to shake his hand!  
'My boy,' says his mother—with her arms about him so,  
No other arms can hold—like she'd never let him go!  
Oh, home's like halleluia, an' in thankfulness we bow—  
There's one more veteran in the old home now!

—Atlanta Constitution.

## CONGRESS GETS SCORING FROM ELIHU ROOT

Former Secretary Says People Had to Force Congress to Support War Program.

(By Associated Press)

Washington, February 7.—Elihu Root, honorary president of the National Security League told the special committee investigating the league's political activities that in his judgment, Congress had failed to support President Wilson's war program until the people demanded whole-hearted co-operation. The people, he said, were so "dead in earnest" about prosecuting the war to the fullest that Congress had to lend its support.

Mr. Root made a general defense of the league in putting forth during the last congressional campaign its chart showing how members of Congress had voted on important war measures, and said that he so resented the imputation that the league had been organized in the interest of munition makers and others benefiting from the war that he could not think of strong enough terms in which to make a satisfactory denial.

Defending the action of the league in opposing the election of Henry Ford as senator from Michigan, Mr. Root said that it was "of the greatest importance to the successful prosecution of the war" that Mr. Ford be defeated. The league considered Mr. Ford a pacifist and an opponent of the war, Mr. Root said. He added that Mr. Ford went to the "very, very verge" of disloyalty, if he did not actually "go over."

## A LETTER TO OHIO FARMERS

Farmers everywhere are becoming more and more interested in the Federal Farm Loan System because they realize that the Federal Farm Loan Act gives them the only kind of a loan that is adapted to the farmers' needs.

Instead of making loans for a few months or years, the loans under the Farm Loan System are made for 20 to 40 yrs. and all the worries connected with uncertain renewals are done away with. The loan is repaid in small semi-annual payments and can be said to never mature, because by keeping these payments up, the entire loan is paid off at the end of 20 years.

Under the Federal Farm Loan System the farmer is not allowed to pay anybody a commission. His land is appraised by an agent of the Federal Government and 50 per cent of the appraised value will be loaned to a man if he wants that much.

The Federal Farm Loan Act creates agencies all over the country to attend to the business of making these loans. I represent the Virginian Joint Stock Land Bank in this district and if you need a loan, I want to hear from you. Under our plan of operating, the farmer buys no stock in the Bank, he does not have to join any organization and is reasonably certain to get his loan without any delay after he fills out his application blank.

I will be in Washington on Thursday afternoon and all day Friday, February 7th and 8th, at the Chery Hotel for the purpose of meeting farmers who want loans, under the Farm Loan Act. If you cannot call on me at this time, I will be glad to have you write me so that I can send you further information.

SQUEEGEE TREAD TIRES  
Can Stand PunishmentOn paved streets, most any tire can  
give a good account of itself.But if you want to know just how  
much stamina is built into it, take it  
out in the country—It's our experience that people that  
drive a lot in the country want Dia-  
mond Tires. They've learned that  
under severe conditions they stand  
a better chance of piling up thou-  
sands of extra miles with Diamonds  
than with any other tire.We sell Diamond Tires for less money  
than motorists usually pay for other  
standard tires. And it's our experi-  
ence that they give

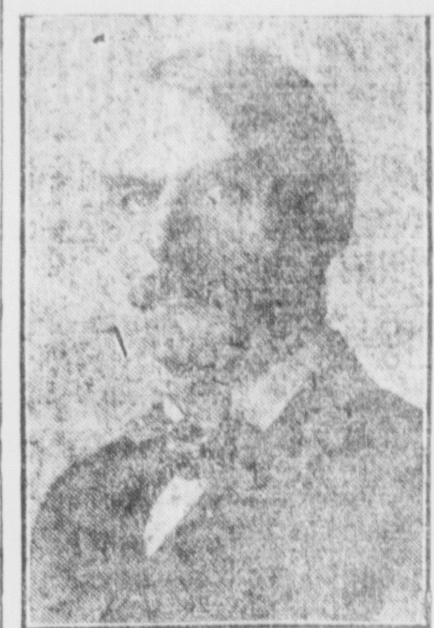

"Better Than Average Mileage."

stock in the Burton-Townsend Brick Company, Zanesville, Ohio, at  
par—\$100 per share—you have the chance to buy a security that  
many Fayette people have owned for years, and which has been  
one of the most popular investments ever sold in Fayette county.The Burton-Townsend Co. manufactures paving block and build-  
ing brick; produces vast quantities of molders sand, which is ship-  
ped all over the country, and does a large coal mining business.The United States government is now considering the expendi-  
ture of hundreds of millions of dollars for good roads and the States,  
counties and cities are planning road and street building, so that  
the country will soon witness the greatest period of good road build-  
ing in its history and the Burton-Townsend Co., with its great plants,  
is now equipped as never before to handle the big business that will  
be demanded of it.The participating feature of this stock means that when 7 per-  
cent is paid on the preferred stock and 7 percent on the common  
then no more can be paid on the common unless at the same time an  
equal amount be paid as dividends on the preferred stock. Doesn't  
that sort of preferred stock look good to you in a company that has  
never missed paying a full seven percent preferred stock dividend  
and is located only a short distance from this county?Further, this company is aided and made stronger by the popu-  
lar R. L. Dollings Company service that stands back of every enter-  
prise the Dollings Company finances.We have visited the Burton-Townsend plants many times, as have  
a number of Fayette county stockholders, and we have always been  
highly pleased with what we saw, and take pleasure in recommend-  
ing this stock to men and women who may have money to invest or  
who may have money coming in about March 1.Why not make your money earn all it can for you? If you hired  
a man to work for you for \$2.50 a day and he quit work at noon, you  
would soon "fire" him. Yet there are many people who are content  
with half interest returns on their money. Why not let your money  
work for you like an all-day, steady workman?We invite your closest investigation of the Burton-Townsend  
7 percent stock, tax-free in Ohio.**HITCHCOCK & DALBEY**

**PRESENTATION  
OF "PINAFORE"  
HUGE SUCCESS****High School Auditorium  
Filled to Capacity With  
Appreciative Audience.****Clever Work of High School  
Glee Clubs Is Met With  
Hearty Acclaim—Re-  
peat Tonight.**One of the most popular offerings  
in the High School's calendar of ver-  
satile entertainments, delighting an  
immense audience and winning fresh  
plaudits from the public, was the  
presentation of Gilbert and Sulli-  
van's Opera, "Pinafore" or the Lass  
that Loved a Sailor, by the High  
School Glee Clubs, under the direc-  
tion of Miss Elizabeth Sheen, Thurs-  
day night.As the first presentation of the  
1918-1919 Glee Clubs including a  
number of Incoming Freshmen  
making their initial bow to the pub-  
lic, it recorded itself an overwhelm-  
ing success, the music lilting and  
full of melodic beauty, the chorus  
work exceptionally good, the cast  
an aggregation of stars for an amate-  
ur performance and the stage set-  
tings and costuming beautiful and  
effective.The big audience enjoyed every  
minute from start to finish and re-  
gretted when the curtain fell after  
the last spirited chorus.The plot of this long popular Opera  
is too well known to need exploita-  
tion. The action takes place entire-  
ly on the quarter deck of His Ma-  
jesty's Ship Pinafore, where with a  
view of Portsmouth rising in the dis-  
tance the sailors, led by the Boat-  
swain are first seen in the usual  
work of the ship, cleaning the brass,  
mopping deck etc., and singing merrily  
as they work.The play develops the love of the  
Captain's daughter for Ralph Rack-  
straw, an able seaman, encountering  
the determined opposition of the fa-  
ther, Capt. Corcoran, Commanding  
H. M. S. Pinafore, who ambitiously  
plans for the marriage of his daugh-  
ter to the Rt. Hon. Sir Joseph Por-  
ter, K. C. B. First Lord of the Admi-  
rality.The revelations of "Little Butter-  
cup," Portsmouth's Bumboat woman,  
finally lead to a most unexpected de-  
nouement, and the happy ending  
of the lovers' troubles.The excellence of the cast was the  
freely accorded verdict. William  
Henry Edwards, as the Rt. Hon. Sir  
Joseph Porter, K. C. B. won contin-  
uous applause in his remarkably fin-  
ished acting and fine make-up. In  
powdered periwig, rich laces and  
gold mounted uniform of the "Mon-  
arch of the sea" of that period, using  
his monocle with superior air, young  
Edwards impersonated the ex-  
cessive egotism of the lordly Brit-  
isher to perfection, his good bass  
voice heard for the first time in pub-  
lic solo work. His "sisters and his  
cousins and his aunts," were as cap-  
tivating a bunch of admiring  
satellites as ever came upon the  
boards, "gayly tripping lightly skip-ping" and Maxine Kibler, Sir Jos-  
eph's "first cousin Hebe" quite ir-  
resistible in a charm all her own, her  
fascinating bow and clever mimicry  
delighting the onlookers.The sisters and cousins were in  
fashionable costume and the aunts in  
fetching white frocks, with pink  
sashes and big polka bonnets, the en-  
semble as they grouped with the sail-  
ors around the potentate creating a  
wonderfully effective scene.David S. Craig Jr., in his initial ap-  
pearance in Glee Club entertain-  
ments, registered a tremendous suc-  
cess as the "gallant Captain," as  
handsome and commanding an offi-  
cer as ever trod the deck—"a right  
good Captain too." He rose with  
skill akin to the professional to the  
disappointment attendant upon his  
daughter's refusal of the First Lord  
and his subsequent abasement from  
high rank and his tenor solos were  
very well sung. Especially effective  
was his solo, "Fair Moon," at the  
opening of the second act.The role of Ralph Rackstraw, able  
seaman, in love with the Captain's  
daughter and preferring to die rather  
than suffer her scorn, was splendidly  
taken by Richard Haynes, who both  
looked and played the part of the  
stalwart, fine looking sailor, and the  
desperate lover. He was  
perfectly at ease, and his un-  
usual good high tenor reaching a  
flat several times met the require-  
ments of the difficult solo work and  
won a big share of the evening's ap-  
plause. The duet, "Refrain, audaci-  
ous Tar," sung by the Sailor and his  
sweet heart was one of the prettiest  
of the musical numbers.In the comedian role of "Dick  
Deadeye," able seaman, Willis Willis  
injected a very clever whimsicality  
and causticness that together with  
his splendid make-up made him a de-  
cided success as a laugh producer.  
He not only sustained the comedy  
end well and gave to the part the  
prominence the play demands, but  
added to solos and chorus work a  
good bass voice.Joseph Wilson, as Bill Bobstay, a  
good looking Boatswain kept one eye  
on the vicious Dick and carried off  
his part with pep and ability.The girls came in for their full  
share of the laurels. Miss Jessie  
Sunkle met heavy demands in both  
acting and singing as the Captain's  
daughter, Josephine, and was charm-  
ing natural and sweet in her very  
attractive role. Her soprano voice is  
quite unusual in its volume, clear-  
ness and range and is full of promise  
for future success.In the second act she made a pic-  
ture of girlish beauty sufficiently al-  
luring to win the hearts of both  
High Lord and Sailor.Her acting and singing in "The  
Hours Creep on Apace" was specially  
appealing and the "Bell Trio" and  
dance by Josephine the Lord and the  
Captain was one of the prettiest and  
biggest hits of the evening.Miss Dorothy Parrett, despite her  
youth, gave a very sympathetic  
characterization of the role of  
"Little Buttercup," Portsmouth's  
Bumboat Woman, and ingratiated  
herself into the good will of the au-  
dience with added appeal at each re-  
appearance. Typical in her fetching  
costume, the quality of her soprano  
voice very sweet and sympathetic,  
and her acting both piquant and spirited,  
Miss Parrett carried off her role ad-  
mirably, her favorite song, "I'm Cal-  
led Little Buttercup," one of the  
haunting refrains of the Opera.The only regret which attended  
Miss Kibler's vivacious portrayal of  
Sir Joseph's first cousin was that it  
did not give her sufficient opportuni-  
ty for her decided histrionic talent  
and her pretty contralto voice.But six weeks in rehearsal, the  
Glee Club members worked very  
hard and deserves all the enthusiasm  
their successful performance evoked.  
Every member of the chorus did  
his or her part and everything moved  
off with "pep" and smoothness.Miss Lorie King, a really brilliant  
young pianist, supported the voices  
wonderfully in her work as accom-  
panist.Once again, as many times before,  
Miss Sheen proved her exceptional  
ability as director and was assisted  
in every way by Supt. McClain and  
the High School teachers.Miss Bess Cleveland as the  
Scenic Artist, added immensely to  
the success of the Opera in the very  
effective stage settings, entirely new,  
and in this she was capably aided by  
Mr. S. E. Irvin.Supt. McClain was property man;  
Prin. Amy V. Conn, Mistress of the  
wardrobe; Miss Ruth Dow and Mrs.  
Hugh Kennedy, assistants and the  
ushers, Mrs. H. G. Coffman, Mrs.  
Swick, Misses Helen Alden, Blanche  
Tullis, Ethel Rayburn, Anna Shigley,  
Idella Gunn, Clara Thurston.

LITTLE WORTH**Vienna, February 1. — (Correspon-  
dence of The Associated Press) — Of  
how little importance and significance  
were some of the orders and deco-  
rations bestowed upon princes and no-  
bles during the war is indicated by a  
little story now going the rounds in  
Vienna. It concerns Albrecht, the son  
of Archduke Friedrich.He was assigned to the front with  
a Tyrol Kaiser regiment, but with  
instructions to the colonel and com-  
mander that he must never be endan-  
gered. In 1917 the regiment had a  
strenuous battle with the Italians at  
Schlunderbach and suffered heavy  
losses.When the authorities looked over  
the list of recommendations for deco-  
rations after the battle it was notice-  
d that Archduke Albrecht's name  
was not present. It was learned that  
he had been three kilometers behind  
the line during the fighting. The co-  
lonel declared he could not cite him  
as one of his bravest, since it would  
make ill-feeling among the soldiers  
and was not justified.An order then was issued com-  
manding the colonel to recommend  
Albrecht for the golden medal for  
bravery, and when the officer refused  
he was relieved from his command.**ROLL OF HONOR**Casualties announced today total  
764, and of these 510 are minor casu-  
alties and 254 major. The Ohioans  
total 62.The major casualty list is divided:  
Wounded severely 143; killed in ac-  
tion 25; died of wounds 17; died of ac-  
cident and other causes 5; died of di-  
sease 49; missing in action 15.The minor casualties are divided:  
Wounded degree undetermined 280;  
wounded slightly 276.The Ohioans contain the following  
from this part of the state:Wounded severely—Pvt. Paul Rol-  
ler, Greenfield; Pvt. Harry D. Wolf

TO SPEAK AT INSTITUTE**Will Discuss Current Agricultural  
Problems in Business-Like Way.J. W. Nicodemus does not follow  
the beaten track. He is an investiga-  
tor and brings the results of his in-  
vestigations to farmers' institutes. A  
lifetime spent in studious farming and  
stock breeding has given him a wealth  
of experience. More leisure in later  
years to study agricultural develop-  
ment in its broader phases makes his  
message timely and of unusual value.Mr. Nicodemus has been a recog-  
nized leader in all the forward move-  
ments in his progressive county. He  
still has lots of pep and ginger—ready  
to "go over the top." He will discuss  
the "how" of big crops for war time  
profits, and the basic principles of a  
permanent agriculture at the farmers'  
institute.**TAX COLLECTION  
IS \$302,040.92**County Treasurer A. W. Duff has

the last payment of taxes, which rep-  
resents the first installment for the  
past year, and the total collection is  
\$302,040.92, one of the cleanest in re-

 New York, Feb. 7.—(By Associated Press)—Alfred W. McCann, a pure food expert, employed by a New York newspaper, confirms tonight an assertion by the John Doe inquiry into the milk situation that representatives of meat packing interests had made him an offer of \$50,000 "to aid him in his work."

**PLUMB SUGGESTS THE EMPLOYEES AND MANAGERS TAKE RAILROADS**  
 Government Ownership and Operation by Employees is New Solution  
 OFFERED BY SENATE WITNESS  
 Would Divide Earnings Between Employees and Government  
 (By Associated Press)  
 Washington, February 7.—Railroad interests today proposed government ownership and private operation by one large corporation co-operatively organized and sharing profits with employees as their solution of the railroad problem. Testifying before the Senate Interstate Commerce Committee on behalf of the four leading trainmen's brotherhoods and other employees' organizations, Glenn Plumb, of Chicago, recommended that the government acquire all railroad property at a price fairly representing the physical valuation and intrust the operation to a corporation to be directed jointly by employees, officers and the government. Earnings would be divided equally among employees and the government and rates would automatically be reduced when the profits would reach a fixed amount, he said.

**ASK WILSON TO NAME THE INDUSTRIAL DELEGATES**  
 (By Associated Press)  
 Washington, February 7.—President Wilson has been asked to name a committee of industrial leaders and government representatives which will have the power to investigate and arrange a scale of prices for basic commodities at which the government will buy during the post-war period, Secretary of Commerce Redfield announced today. The step was taken after conferences of producers' and laborers' representatives and government officials. General unemployment and industrial depression were threatened Secretary Redfield said, by the waiting tendency noticed in nearly all industries due to a doubt as to the trend of prices. Mr. Redfield explained no legal authorizations would be necessary and no use of the government's war powers were contemplated.

**CHINESE OFFICIALS DEPRESSED OVER DEVELOPMENT**  
 (By Associated Press)  
 Peking, February 7.—Attempts are being made by the Japanese to induce the Chinese government to disavow the action of its delegates at the peace conference for the reason that they are seriously embarrassing Japan, according to semi-official Chinese sources. This development has caused depression over the situation in government circles. The chief issue between the two nations is over disposition of Tsing Tsao, its harbor, and adjacent territory, both Japan and China desiring to retain the harbor.

**PADEREWSKI LEAD**  
 Columbus, Ohio, February 7.—(By Associated Press)—The House by a vote of 69 to 22 passed the bill introduced by Representative A. Lee Beatty, of Hamilton county, creating a lien for attorneys' fees. In his speech for the bill Representative Beatty said it was intended to protect "unscrupulous lawyers" from "unscrupulous clients."

**HELD AS BANDITS**  
 Marion, Ohio, February 7.—(By Associated Press)—Oliver Ott and Clyde Robertson, 16 and 21 years old, respectively, giving their homes as Camp Chase, Columbus, are in jail at Waldo, charged with holding up Lief Sharp, of Ashley, Standard Oil wagon driver.

**FOR ATTORNEYS**  
 Paris, February 7.—(By Associated Press)—The election in Poland for members of the Constituent Assembly resulted in the list headed by Premier Paderewski and M. Dmowski obtaining 50 per cent of the total votes.

**PLANE FUNDS ARE CUT DOWN**  
 (By Associated Press)  
 Washington, February 7.—General debate on the \$750,000,000 naval appropriation bill, with its new three-year building program, was closed Thursday and the house worked until late last night on amendments view to passing. Without opposition, the house approved the provision fixing the temporary personnel of the navy at 225,000 men, exclusive of officers, for the fiscal year beginning next July. Objection by Representative Butler of Pennsylvania, ranking Republican member of the naval committee, prevented an increase from 17,400 to 27,297 in the permanent enlisted strength of the marine corps. After several members had criticized aviation expenditures during the war, the house voted without dissent to reduce the appropriation for naval aviation from \$25,000,000 to \$15,000,000. An amendment adopted provided that no part of the appropriation could be used for building a factory for manufacturing air craft.

 War Council Will Take Measures to Bring Huns to Appreciate Realities  
 (By Associated Press)  
 Paris, February 7.—The feeling in peace conference circles is that the Germans are more and more forgetting their position and it is expected the supreme war council will take measures to bring them to a sense of the realities. Marshal Foch will go to Treves February 17th to fix the conditions for a third renewal of the armistice. The supreme war council will fix the size today of the contingents of the allied powers in the armies of occupation both in Europe and Asia.

**A Thousand Yous**  
 When you pick up your newspaper and glance over the advertising you quite unconsciously multiply yourself a thousand times.  
 In half or three-quarters of an hour you can, metaphorically speaking, visit every progressive store in town. You virtually poke your head into every department of every department store. You run into the florist's, the confectioner's, the oculist's, the leading groceries, banks, theaters, all the various places that supply the things that make this the twentieth century and life worth the living. Here is a greater choice in clothing, food, furniture, books, pictures, musical instruments, travel, entertainment, opportunities for investment, the service of public utility corporations than any monarch of old could command.  
 It would easily take a thousand yous, traveling hard all day, to find out for yourself what the advertisements tell you in a few minutes in the evening.  
 They deserve your attention. They deserve your confidence. Without them, without the progressive spirit of the merchants and manufacturers who back them, the great abundance of things you now enjoy would be a memory—or something still to be realized. Without advertising the prices you would have to pay for many of the necessities you now buy for a few pennies would make a dollar look like a snow ball on the kitchen range.  
 Read the advertisements. Read them for your own information and advantage. Read them to encourage the advertisers who are making these better things possible for you.

## MINUTE MEN HOLD CONFERENCE HERE SIXTY-TWO PRESENT

Prominent Leaders Issue  
Instructions To Minute  
Men In Centenary Move-  
ment.

Delegates From All Over  
District In Attendance  
Last Night.

The part "Minute Men" are to play in bringing home the meaning of the Centenary to the individual church and membership was strongly emphasized Thursday night at the conference of Methodist Minute Men of the Washington C. H. Group in the Chillicothe District of the M. E. Church, held at the Y. M. C. A.

Sixty-two persons were present from the various churches of the group, and a banquet was enjoyed prior to the conference proper. Attorney Wilby Hyde, of Chillicothe, was introduced by Mr. D. S. Craig, assistant leader, and presided over the meeting.

The speakers included Rev. Albert Currier, Secretary of the Minute Men for the Cincinnati Area, and Rev. W. E. Bancroft, of Bombay, India.

Rev. Currier said in part:

"Never since the 'Morning stars sang together' has there been a time so fraught with significance, religiously, as in the present, save once—the birth of Christ." "The world is ready to listen to the voice of the Son of Man today as never before. Before the great war it seemed that men were becoming spiritually dead, but the thunders of the battlefields have aroused man from his spiritual stupor and caused him again to listen for the only voice that can say, 'Peace, be still' to the raging elements of this old world. The prophecy made years ago by Bishop Bashford that the discovery of the twentieth century would be the discovery of the Holy Spirit, is about to be realized. Germany's fate ought to be a sufficient warning for all time to come. She tried materialism on a gigantic scale, and met with a complete failure."

"The world is learning that, even democracy will not insure human welfare and progress unless that democracy is established upon Christian principles. Bishop Bashford has said that if we had spent fifty millions in giving Russia the Christian religion pure and undefiled, that Russia would have been worth fifty billions to democracy in the struggle through which we have just passed."

"The great problem of the Centenary is to bring home to the churches the vision of the crisis which is upon the church and the local members must be brought to see the millions hungering for the gospel, and eager to accept the Christ, if the message can but be taken to them. They must be brought to understand that not only the safety of the church but the safety of America as well, depend upon the doing now of the gigantic task facing the church. Upon the fifty thousand Minute Men of the Centenary movement rests a large responsibility in connection in bringing about the realization of the mighty task and mighty opportunity."

Rev. W. E. Bancroft, a missionary for fifteen years, made a vivid presentation of the world situation. In

## HEADACHES ALL GONE DECLARES MRS. A. B. TAYLOR

They Had Been Nearly Lifelong—  
Three Bottles of Nerv-Worth  
Did The Work.

This is a wonderful statement. Think of a chronic headache being banished by just \$3.00 worth of medicine! Absolutely harmless medicine too, for Nerv-Worth contains no opiates, narcotics, coal-tar products nor habit-forming drugs, and that cannot be said of all headache medicines. Now this is what Mrs. Taylor stated in writing to Parkersburg's Nerv-Worth druggist not long ago:

"I have been troubled with headache and nervousness and was generally run down. I have taken three bottles of Nerv-Worth and my headaches are all gone. I am 52 years old and have been troubled with headache nearly all my life. I can recommend Nerv-Worth to anyone that has headaches and nervousness and for a general run-down system."

connection with this address he exhibited some very curious articles of dress worn among high-class Hindus and Brahmins of India. The last Mohammedan convert received by Mr. Bancroft before he started for home a few months ago, was a grandson of the last Mogul emperor of Delhi and of the incidents connected with this and other missionary work in India he spoke very interestingly.

"With the great inheritance before us, are we going to be sacrificed with a back-alley-shanty-interest in the coming of the Kingdom of the world into possession of Christ, the rightful owner," was the question Mr. Bancroft asked of the Minute Men.

## ROYALTY KEPT IN LUXURY BY GOVERNMENT

Disclosures Made by Austria  
Shows Support of "Relatives"  
by the Government

Vienna, January 20.—(Correspondence of the Associated Press)—The latest of the "disclosures," so popular nowadays, shows that Austrian archduchesses including the former Empress Zita before she was married drew from the government large retainers for monthly support and quarterly rent money. The Austrian State Bureau for Army Affairs makes the revelation in an official statement.

It shows that Empress Zita while still an archduchess drew as monthly support for her rent the equivalent of \$3,100 at the peacetime rate of exchange. Her address was put down as either the Hofburg, or Schoenbrunn, both imperial palaces, which were placed free, at the disposal of the archduchess. She had, however, Getzendorf, or the Belvedere in Vienna.

Archduchess Auguste, wife of Archduke Joseph, received the equivalent of \$14,788; Archduchess Isabella, the wife of Archduke Friedrich, \$6,167; Archduchess Blanka, wife of Archduke Leopold Salvator, \$747; Archduchess Maria Christine, wife of Archduke Peter Ferdinand, \$4,538; and Archduchess Marie Anna, wife of the Prince Elias of Parma, \$3,416, and additional support for six children in 1918.

Other disclosures reveal that clothes, linen, food and other things were drawn from military depots in huge amounts by the archducal families. The case of the Archduchess Isabella is particularly interesting since she had three estates, the Albrecht Palace in Vienna, another castle in Baden, and a great seat in Teschen and her husband is considered one of the most wealthy men in Europe.

## FOUR VOTERS HAD GREAT POWER

(By Associated Press)  
St. Augustine, Fla., February 5.—Because only four voters in newly-formed Flagler county paid their 1918 poll tax, Governor Catts of Florida has postponed until March 4 a special election in that county to name a member of the Lower House of the Legislature. The governor in his proclamation does not refer to the dearth of qualified voters but says "several citizens of said county desire to have said election postponed."

Under a recent decision of the United States Supreme Court, which held that the legal quorum shall vote and be all sufficient, it is declared the four voters could have elected the representative had the election been held on the date originally set.

Flagler county originally was a part of St. Johns county, of which St. Augustine is the county seat.

**WILL MUSTER OUT 1500 MEN**  
Dayton, February 7.—(By Associated Press)—Approximately 1500 soldiers, including 20 officers, who have been stationed at the general service depot at the Wilbur Wright Field, will be mustered out beginning today. Official notice for demobilization was received today.

## MAY DEMOLISH PARISIAN FORTS AT EARLY DATE

Paris, January 31.—(Correspondence of the Associated Press)—The question of the demolition of the ring of antiquated fortifications which surrounds Paris will be brought up before the Municipal Council during the course of the next few months. This is not as a result of the armistice or because of League of Nations which

is expected to put an end to wars forever, or because of the fact that with modern artillery the fortifications would be useless. The matter has already been brought up before the Council. It dates back from 1884. The plan however would have to be referred to Parliament by the Municipal Council after its adoption.

Louis Dausset, an alderman of the city of Paris is sponsor for the project. He argues that the benefits to be derived are a closer, easier contact with the Paris suburbs, elimination of the necessity of entering or leaving Paris through the various gates and the freeing of valuable land for building purposes.

## ASK U. S. ARMY FOR EMPLOYMENT

Coblentz, January 26.—Three hundred German women factory workers, many of them widows of soldiers, applied recently to the Third American Army headquarters in Coblentz for employment, contending that with the ending of the war they had been thrown out of work. The question of employing the women as menders of American uniforms was taken under consideration.

# SOLDIERS ARE SENT TO SCENE OF BIG STRIKE

Troops Armed With Rifles, Hand Grenades and Machine Guns Hurried to Seattle and Tacoma.

(By Associated Press)  
Seattle, February 7.—Federal troops from Camp Lewis are quartered in Seattle and Tacoma to "stand ready for any emergency." in connection with the general strike of 45,000 union men, in sympathy with 25,000 shipyard workers who walked out January 21 to enforce demands for higher wages.

Major John L. Hayden commands the contingent of 800 soldiers in Seattle, and General Frank B. Watson has under him in Tacoma. 36 miles from here two battalions and a machine gun company. Equipment of the soldiers included 200 hand grenades.

Authority for the use of troops was granted by Secretary of War Baker upon advice from Governor Ernest Lister.

Thirty-five thousand union men in the vicinity of Seattle quit work last Monday, but in Tacoma response was not so general and the principal unions involved there were the car men, timber workers, barbers and retail clerks.

Street cars stopped running in Seattle, schools closed, restaurants and theaters closed their doors, newspapers suspended and other industries ceased operating. Twelve "soup kitchens" were established by culinary unions to feed strikers and others who depend upon restaurants for meals. Patrons of the kitchens were lined up and served in military "mess" fashion. Barber shops, closed and elevators stopped running.

Only emergency telegraph business from Seattle was handled by the telephone companies. The telephone system continued in service.

The city government is prepared for any emergency. Mayor Olehan said, and 16,000 extra police will be deputized if necessary.

## NOTED MEXICAN BANDIT KILLED

Mexico City, January 20.—(By Associated Press)—Nicanor Sandoval, credited by the War Department with having set a record in blowing up, with a small force of followers, five trains in one day, is reported by General Alfredo Ricaut, chief of military operations in Coahuila and Nuevo Leon, to have been killed near Zacatecas.

## FESS'S HAT IN RING

Washington, Feb. 7.—(By Associated Press)—Representative Fess, of Ohio, Chairman of the Republican Congressional Campaign Committee, has announced that he will be a candidate for Speaker of the House in the next Congress. The other announced candidates are Representative Mann, of Illinois, the Republican leader, and Representative Gillette, of Massachusetts.

RUSSIAN PROBE BILL BURIED  
Washington, Feb. 7.—(By Associated Press)—Senator Johnson of California today failed in an effort to obtain senate consideration of his resolution to declare the senate favors immediate withdrawal of American troops from Russia. Senator King, of Utah, Democrat, refused unanimous consent.

## CHILLICOTHE BOY SAVES ADMIRAL

(By Associated Press)  
Chillicothe, O., February 6.—If Rear Admiral Robert F. Peary, the famous Arctic explorer, recovers his full health, it will be largely due to the act of a Chillicothe man, Robert M. Ashley, son of Mr. and Mrs. W. A. Ashley of this city. Robert Ashley enlisted in the Navy and has been stationed as an instructor at the Naval hospital at Washington. Admiral Peary has been under treatment at the hospital. While there attending physicians came to the conclusion that he needed a greater blood supply and that the only way to get it in time was by transfusion from a healthy man.

Young Ashley volunteered and a pint and a half of blood was transfused from his veins to those of the rear admiral. In token of his gratitude and appreciation, Admiral Peary presented Ashley with a handsome wrist watch appropriately engraved.

# Suggestions to Women "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up as tired out next morning as when you went to bed, you need help. Vinol will help you just as it did these two women. Why not try it?

## HERE IS PROOF

**Pittsburgh, Pa.** "I keep house for my husband and myself and I got into a weak, run-down, nervous condition and no appetite. I heard how Vinol helped others and tried it and it built me up so I am strong, have a good appetite and feel better in every way." —Mrs. James Croker.  
**Holmdel, N.J.** "I live on a farm and am a hard working woman and for weak, run-down, overworked conditions have found nothing that will create an appetite, build me up and make me strong equal to Vinol. It helped several others in our neighborhood, too." —Mrs. Thomas Ellis.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.
